**WELCOME TO SALVE REGINA**

**Sister Lucille McKillop Ph.D.  
President**

Dear Newcomers to Salve,

It is my great pleasure to introduce you all to the Salve campus community through the 1985 New Student Record. We do want you to know one another in true friendship and to win friendly recognition from our faculty, staff and returning students.

Your portrayal here together takes on an added significance. Coming from varied locales and backgrounds, you now share a commitment to our Salve goals and expectations. Together you will gain the living experience of our intellectual and moral values—of genuine growth in mind and spirit.

In a few brief years we trust to see you pictured in the Senior Yearbook—but with a difference. These intervening years spell out challenge and opportunity. They should bring you to the threshold of self-confident maturity and professional competence. Determine to make the most of these precious years.

Your collective portraits further underscore that you are not alone in the intellectual, cultural, and spiritual adventure that represents a Salve education. In a true sense you have gained a new family, our campus community. We all want to share your joy in learning, your delight in solid achievement, and even your problems and perplexities.

All of us—from the administration to the faculty, staff, and students—are pledged to help, to counsel, to encourage, to inspire, and to pray for one another. Embrace wholeheartedly that family spirit, and Salve offers in return the most memorable and rewarding years of your lives.

Sister Lucille McKillop  
President

A high-contrast, black and white photograph of a palm tree trunk and fronds against a bright sky. The image is grainy and has a vintage feel. The palm fronds are silhouetted against a very bright, almost white sky, creating a dramatic effect. The trunk of the palm tree is visible in the lower left, and several fronds extend upwards and outwards. The overall composition is vertical, with the palm tree occupying most of the frame.

Nothing splendid has ever been achieved except by those who dared believe that something inside them was superior to circumstances.

# College Activities

Contributing to the total educational experience of students, the College Activities Office seeks to provide meaningful social and cultural activities for the entire community. Realizing the theoretical environment of the classroom can be complemented with practical experiences, this office affords participants the opportunity to identify, to develop and to share their individual qualities. By fostering an appreciation for diverse inter-

ests and talents, the College Activities Office expects students to reach a better understanding of themselves as unique individuals and to seek the best in others. In keeping with the mission of the College, this area and its staff strive to bring the student to the realization that his skills, properly used, can and ought to be offered in service to the larger community.

# FRESHMAN TIPS

- Keep your rooms neat on weekends—parents are known for surprise visits
- Try to pick up a copy of the WHAT'S GOING ON? to find out what's happening on campus
- Separate underwear and jeans in the wash
- Don't show your ignorance by not asking what you don't know
- Pizza is fattening—but fun
- Bring your ID wherever you go
- Go more than midway for midterms
- Keep your door locked—things have a habit of walking away
- Washing machines eat socks
- Express yourself by voting in all campus elections
- The computer doesn't hate everyone—just you
- Homesickitis—a call home does wonders for the morale at both ends
- Take advantage of all the free activities
- If your roommate disappears remember that there are 24 hours in a day
- Be friendly—your all in the same boat
- At home parents treat—here you pay
- It's important to GET INVOLVED—college is more than books
